Miicor Attains Gold Certified Partner Status with Microsoft

Miicor is Further Distinguished as a Microsoft Small Business Specialist and Competencies in Advanced Infrastructure Solutions.

Boise, ID – February 2, 2007 – Miicor Consulting announced it has attained Gold Certified Partner status in the Microsoft Partner Program with a competency in Advanced Infrastructure Solutions, recognizing Miicor Consulting's expertise and impact in the Idaho technology marketplace. As a Gold Certified Partner, Miicor Consulting has demonstrated expertise with Microsoft technologies and proven ability to meet customers' needs. Microsoft Gold Certified Partners receive a rich set of benefits, including access, training and support, giving them a competitive advantage in the channel.

"We are extremely pleased to have attained Gold Certified Partner status in the Microsoft Partner Program. This allows us to clearly promote our expertise and relationship with Microsoft to our customers," said Dick Miiller, president of Miicor Consulting. "The benefits provided through our Gold Certified Partner status will allow us to continue to enhance the offerings that we provide for customers."

"Customers are looking for partner companies that can bridge the gap between their business demands and technology capabilities," said Allison Watson, vice president of the Worldwide Partner Sales and Marketing Group at Microsoft Corp.

"They need to trust in a company that can act as an expert adviser for their long-term strategic technology plans. Microsoft Gold Certified Partners, which have certified expertise and direct training and support from Microsoft, can build a positive customer experience with our technologies. Today, Microsoft recognizes Miicor Consulting as a new Gold Certified Partner for demonstrating its expertise providing customer satisfaction using Microsoft products and technology."

Miicor Consulting has also attained partner status as a Microsoft Small Business Specialist. This designation is a result of the company's expertise and specialization in the design, deployment, and customization of small business solutions using Microsoft technology. "Understanding the dynamics and dependencies of the small business market, as well as the value to small business of several software solutions, this distinction further differentiates Miicor Consulting's unique approach to customers in Idaho," states Scott Holmes, vice president of Sales and Marketing of Miicor Consulting. "We are proud to offer a consistent set of comprehensive solutions and support services for small businesses throughout the state."
